British Army to establish new special operations brigade to tackle emerging threats the army is setting up a special operations brigade for missions abroad as 'Global Britain' seeks a broader military footprint with new and traditional allies outside Europe. A Ranger regiment will form the core of the new force which will engage in combat, as well as carry out training, with the aim of signing a series of defense agreements and setting up a string of international bases. The announcement of the new force came ahead of a command... The Independent
